

Hi Tacy,

I just want to take a moment to say Thank You for all the effort you are putting into helping David. He seems to be recovering slowly from his ordeal (though he has been sick on and off a lot this quarter). He is really trying hard to concentrate and get back on track.

It's very difficult, as you can imagine, to be this far away and letting him handle all this on his own. It's comforting to me to know that you are there for him. He comes out of your meetings relieved from some of his worry and much happier.

Your help is absolutely making a difference in this student's life!

Thanks again,  
Camela
